## OUR SERVICES

# Comprehensive Solar Energy Solutions

From residential off-grid systems to commercial mini-grids and industrial power backup — we engineer reliability into every installation.

### Power Distribution and Energy Management

End-to-end power distribution solutions and intelligent energy management systems for residential, commercial, and industrial applications.

### Solar Mini Grid System

Community-scale solar mini grids delivering reliable, affordable electricity to neighbourhoods, estates, and rural communities.

### Engineering and Lighting Services

Professional electrical engineering design, installation, and solar lighting solutions for homes, businesses, and public spaces.

### Solar Street / Flood Light

High-performance solar street lights and flood lights with automated dusk-to-dawn operation for security, roadway, and perimeter illumination.

### Solar Water Pumps

Solar-powered water pumping systems for boreholes, irrigation, and water supply — efficient, maintenance-free, and grid-independent.

### Battery Regeneration Workshop

Specialized battery restoration service that extends the life of lead-acid and gel batteries through professional electrochemical regeneration.

## OUR PORTFOLIO

# Recent Solar Installations

Real projects, real results. Each installation reflects our commitment to quality craftsmanship and technical excellence.

## RESIDENTIAL

### 10KVA Off-Grid Solar System — Port Harcourt

Complete off-grid solar installation with 10KVA inverter, 3.2kW solar array, and 10kWh lithium battery storage for a 4-bedroom home.

- ✓ 10KVA Pure Sine Wave Inverter
- ✓ 8x 400W Monocrystalline Solar Panels
- ✓ 10kWh Lithium Battery Backup

[VIEW PROJECT →](#)

## COMMERCIAL

### 50 Pcs Solar Flood Lights — Rivers State

Large-scale solar flood lighting installation for a commercial facility, providing 24/7 security illumination with zero grid dependency.

- ✓ 50x 200W LED Solar Flood Lights
- ✓ 5KVA Solar Backup System
- ✓ Automated Dusk-to-Dawn Operation

[VIEW PROJECT →](#)

## RESIDENTIAL

### 5KVA 48V Solar Power System

Efficient solar backup system with 5KVA inverter, 2.4kW panels, and 200Ah gel battery bank for essential home loads.

- ✓ 5KVA 48V Inverter Charger
- ✓ 6x 400W Solar Panels
- ✓ 200Ah Deep Cycle Gel Batteries

## WHY CHOOSE US

# Why Tavalino Energy?

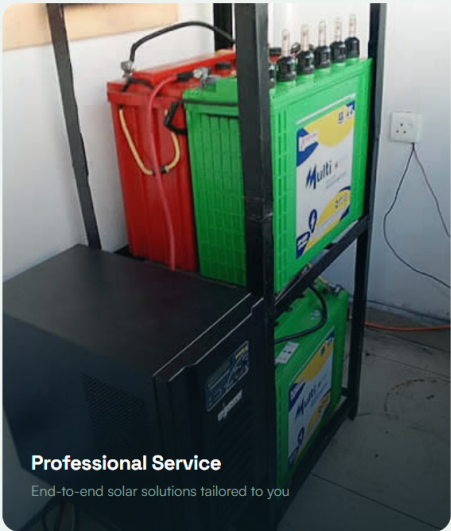

We combine deep technical expertise with a customer-first approach to deliver solar solutions that truly work.

**Proven Track Record**  
Over 300kW installed across 59+ projects. Every installation reflects our commitment to quality and technical excellence.

**Smart Energy Monitoring**  
Real-time monitoring tools that track your solar production and consumption, maximising system performance and savings.

**Expert Engineering Team**  
Cross-disciplinary professionals dedicated to safe, efficient solar projects — from site assessment to commissioning.

**Quality Assurance**  
Industry-certified components, professional installation standards, and comprehensive after-sales support and maintenance.

★★★★★  
4.9 / 5.0 — from 50+ verified reviews

★★★★★

"Tavalino Energy transformed our home. We went from spending ₦150,000 monthly on generator fuel to near-zero electricity costs. The installation was seamless and professional."

★★★★★

"We engaged Tavalino for a 15KVA commercial solar system at our office. The team handled everything — design, procurement, installation, and after-sales support. Highly recommended!"

clean, professional, and completed in just 3 days."

**Chidi Okonkwo**  
Homeowner, Port Harcourt

commissioning. Our productivity has improved dramatically with reliable power."

**Amara Nwosu**  
Business Owner, Rivers State

★★★★★

"The solar mini grid Tavalino installed in our community has been life-changing. We now have 24/7 electricity for our shops, clinic, and school. Professional team from start to finish."

**Chief Emeka Obi**  
Community Leader, Imo State

★★★★★

"After three failed experiences with other solar installers, Tavalino restored our faith. Their after-sales support is unmatched — they check in regularly and respond immediately when we need assistance."

**Funmi Adeyemi**  
Property Manager, Lagos
